Overview of the Conference

WAFI 2024

2021年7月，蔡奇同志到平谷考察农业中关村建设，中国农业大学校长孙其信等陪同考察，蔡奇同志强调，“要办好农业科技创新大会，提升影响力”；教育部与北京市签署《教育部 北京市人民政府战略合作协议》中提出支持中国农业大学和平谷区共同举办世界农业科技创新论坛（大会），助力农业中关村建设；农业农村部与北京市签署《共同打造中国·平谷农业中关村合作框架协议》，将办好农业国际国内交流活动，推动北京市与中国农业大学等单位联合举办世界农业科技大会纳入协议任务内容；《北京市推进农业中关村建设行动计划（2022-2026年）》部署了举办农业科技合作国际交流活动，打造国际知名农业交流合作平台的重大任务；《农业农村部给蔡奇同志来信》中明确支持平谷区承办世界农业科技创新论坛（大会），打造国家级农业交流合作平台。

2023年11月，首届世界农业科技创新大会（英文缩写：WAFI）成功举办，市委书记尹力、市长殷勇等多位领导出席大会开幕式，来自全球61个国家的科学家、教育家、企业家，围绕“粮食安全与未来农业”主题，进行了深入交流和探讨，大会取得了良好的预期成效，跃升为世界农业领域顶级盛会之一。

WAFI作为以“创新农业 共享未来”为宗旨的世界农业盛会，聚焦促进全球农食系统转型的前沿创新，深入推动产学研互动和国际交流合作，富有前瞻性、引领性并面向未来，致力于打造农业“达沃斯”。

WAFI2024将于2024年10月10日至12日在中国北京平谷举行，本次大会的主题为“气候变化与农食系统转型”，将继续邀请影响全球农业发展的科研界、教育界、企业界嘉宾，以及各国政府、国际和地区组织、商协会、投融资机构等领域代表参与，共话世界农业科技创新前沿话题，共享农业科技创新成果，加强产学研合作及成果转化，推动世界农业科技、政策、模式等创新，培育全球农业发展新动能。

大会同期举办的2024世界农业科技博览会，将集中展示全球农业领域的前沿成果、尖端技术、先进模式、优质项目、创新产品等，致力于打造全球农业科技领域具有代表性和标志性的专业展会，搭建全球农业科技展览展示、分享交流、投资促进、洽谈合作的优质平台。

In July 2021, when visiting Pinggu to investigate the development of High-Tech Farming Z-Park in the company of Sun Qixin, President of China Agricultural University, and others, Comrade Cai Qi emphasized the need to “hold the WAFI Conference successfully and enhance its influence”; the Strategic Cooperation Agreement between the Ministry of Education and the Beijing Municipal People's Government proposes to support China Agricultural University and Pinggu District in organizing the World Agrifood Innovation (WAFI) Forum (Conference) jointly to boost the development of High-Tech Farming Z-Park; the Cooperation Framework Agreement for Building High-Tech Farming Z-Park in Pinggu, China Jointly between the Ministry of Agriculture and Rural Affairs, and Beijing Municipality includes tasks such as organizing international and domestic agricultural exchange activities properly, and promoting the joint organizing of the WAFI Conference by Beijing Municipality, China Agricultural University and other organizations; the Action Plan of Beijing Municipality to Promote the Development of High-Tech Farming Z-Park (2022-2026) sets the significant targets of organizing international agricultural science and technology cooperation and exchange activities, and creating a world-famous platform for agricultural exchanges and cooperation; the Letter to Comrade Cai Qi from the Ministry of Agriculture and Rural Affairs explicitly supports Pinggu District in organizing the WAFI Forum (Conference), and creating a national-level agricultural exchange and cooperation platform.

In November 2023, the first WAFI Conference was held successfully. A number of leaders, including Yin Li, Secretary of the CPC Beijing Municipal Committee, and Yin Yong, Mayor of Beijing Municipality, attended the opening ceremony, and scientists, educators and entrepreneurs from 61 countries around the world made in-depth exchanges and discussions on the theme of “Food Security and Future Agrifood”. The Conference made excellent outcomes as expected, and became one of the top-notch events in the global agricultural sector.

As a global agricultural event with the purpose of “Innovating Agrifood, Sharing Future”, WAFI focuses on promoting frontier innovations in the transformation of the global agri-food system, deepening industry-university-research synergies, and international exchanges and cooperation. This forward-looking, leading and future-oriented event aims to become the “Davos” in agriculture.

WAFI 2024 will be held in Pinggu, Beijing, China during October 10-12, 2024, with the theme of “Climate Change and Agri-food Systems Transformation”. As before, delegates from the research, education and business communities that influence global agricultural development, as well as representatives from governments, international and regional organizations, business associations, investment and financing institutions will be invited to discuss frontier topics in global agri-food innovation, share agricultural technological innovation achievements, strengthen industry-university-research cooperation and achievement transformation, promote innovation in worldwide agricultural technologies, policies and models, and create new driving forces for global agricultural development.

The 2024 WAFI Expo, held concurrently with the Conference, will showcase frontier achievements, cutting-edge technologies, advanced models, high-value projects, innovative products, etc. centrally in the global agri-food sector. It aims to become a representative and iconic specialized exhibition in this sector, and provide a high-quality platform that displays, shares and exchanges worldwide agricultural science and technology achievements, and promotes investment and cooperation.

旅游攻略
Travelling Tips

金海湖

金海湖景区三面环山，风景秀丽，是国家4A级景区，融自然与人文于一体，现有游船、快艇、蹦极、滑索、皮划艇、浆板、帆船等多种水上运动休闲项目，是北京最大的综合性休闲娱乐水域，被评为市级风景名胜区和市级旅游度假区。

红叶节

每年霜降过后，是北京红叶的最佳观赏期，平谷金海湖畔色彩斑斓、层林尽染。这时，北京·金海湖红叶节就要开幕了。从10月下旬到11月上旬，黄栌、红栌、元宝枫、火炬、红叶臭椿、黄金槐等10多个彩叶品种，在金海湖景区绵延2万多亩。驱车行驶在昌金路至金海湖环湖路，一路深红、浅红、金黄、橙黄、墨绿……各种色彩跃入眼帘，如观赏一幅绵长的彩林画卷。

丫髻山

丫髻山风景区位于北京市平谷区刘家店镇。因山巅两块巨石状若古代女孩头上的丫髻，因此得名丫髻山。四方百姓又称丫髻山为“东大山”。丫髻山海拔363米，丫髻山上的碧霞元君祠为京东著名道观，始建于唐代鼎盛于元、明、清三朝；丫髻山磕头沟原有云岩寺，分上下两寺，始建于辽代，后经多次重修。上寺建筑悬崖峭壁上，其规模之大，工程之险，古来罕见。

京东大峡谷

京东大峡谷位于北京市平谷区山东庄镇鱼子山村，占地面积4583亩，是4A级景区。景区集高山、峡谷、湖面、深潭为一体，四季景致不同，主要景点有五龙潭、通天峡、栈道、战争纪念馆、龙门湖、玻璃栈道等。玻璃栈道是一大特色，游客可以在上面尽情欣赏周边的山水美景。

Jinhai Lake

Surrounded by mountains on three sides with beautiful scenery, Jinhai Lake Scenic Area is a national 4A level tourist attraction integrating natural and cultural landscapes. It boasts a variety of water sports and recreational projects such as boats, speedboats, bungee jumping, zip lines, kayaks, paddleboarding, sailing and so on, making it the largest comprehensive recreational waters in Beijing, and it is recognized as a municipal-level scenic area and a municipal-level tourism resort area.

Red Leaf Festival

After the arrival of Frost's Descent each year, late autumn is the best time to appreciate the red leaves in Beijing. The shores of Jinhai Lake in Pinggu become vibrant and colorful with trees ablaze in various hues. During this time, the Beijing Jinhai Lake Red Leaf Festival is about to begin. From late October to early November, more than ten varieties of colorful leaves, including Chinese sumac, red maple, golden maple, torch tree, Chinese toona, and golden locust, cover an area of over 20,000 mu (approximately 13.3 square kilometers) in the Jinhai Lake scenic area. Driving along Changjin Road to the lakeside road encircling Jinhai Lake, you will be greeted by deep red, light red, golden yellow, orange yellow, and dark green leafs. Various colors will enchant your eyes as if you are admiring a long scroll of a colorful forest painting.

Yachun Mountain Scenic Area

The Yaji Mountain Scenic Area is located in Liujiadian Township, Pinggu District, Beijing. It is named Yaji Mountain because of two huge rocks on the mountaintop that resemble ancient girls' "yaji" hairstyle. The local people also refer to Yaji Mountain as "Dongdashan." Yaji Mountain is 363 meters above sea levels. The Bixia Yuanshun Temple on Yaji Mountain is a famous Taoist temple in eastern Beijing. It was originally built during the Tang Dynasty and flourished during the Yuan, Ming, and Qing Dynasties. The original Yunyan Temple in Koutou Gou of Yaji Mountain consisted of two temples, the upper and lower temples, and was first built during the Liao Dynasty and later underwent multiple renovations. The buildings of the upper temple are perched on steep cliffs, and their large scale and challenging construction are rarely seen in ancient times.

Jingdong Grand Canyon

The Jingdong Grand Canyon is located in Yuzishan Village, Shandongzhuang Town, Pinggu District, Beijing. It covers an area of 4,583 mu (approximately 3 square kilometers) and is a 4A-level scenic area. The scenic area combines mountains, canyons, lakes, and deep pools, offering different landscapes throughout the four seasons. The main attractions include Wulongtan (Five Dragon Pond), Tongtianxia (Heavenly Passage), plank roads, the War Memorial Hall, Longmen Lake, and the glass skywalk. The glass skywalk is a major highlight, allowing visitors to fully enjoy the surrounding beautiful mountain scenery while walking on it.
